Mr. D. W. Kershner will leave for Baltimore on Wednesday of this week. The GLORE-REPUBLIC is under obligations to Mr. K. for several very eld papers published in that city.

Springfield Council No. 17, R. and S. M., will hold the monthly assembly to-night, at which the degrees of Royal and Select Master and Super-Excellent will be conferred. Refreshments after the work.

Both of the extinguisher horses and one of the book and ladder truck borses, at the Central engine-house, are suffering from the epizootic, and are unfit for work, although they made the run to this morning's fire.

This morning about ten o'clock, Eltie Bogle, son of J. L. Bogle, shot himsel through the first finger of the left hand while handling a pistol belonging to himself. which he had tried to sell at Syman's. The wound is not serious.

In the bastardy case of Clara William against George Ernst, Common Pleas Cour has rendered a judgment for \$58 against defendant in favor of the Directors of the County Infirmary, who were put to expense of that amount in the case. The child having died. the case is dismissed as to Williams.

Dr. J. S. R. Hazzard, President of the Clark County Agricultural Society, leaves for Columbus to-morrow evening to represent the society at the State Agricultural Convention Wednesday and Thursday. His report from this county, while briefer than its predecessor of a year ago, is on the whole, as

Last night, about 8 o'clock, an attempt was made to burglarize Dr. J. W. Hulick's office on High street, just east of Limestone. A pane of glass in the side-door was broken out, but the burglar heard some one in the front office, and left in a burry, leaving his haton the ground.

The GLOBE-REPUBLIC is requested, by church-goers, to make complaint of the bad order, by the young people, in the churches generally of this city, especially at the Sunday evening services. This is not the complaint of a "crank," but a reasonable protest against a growing nuisance that should be

A grand surprise was given Rev. James S. Kemper, of the Presbyterian church of South Charleston Saturday, in honor of his seventieth anniversary. Twenty couple arrived from Dayton, Mr. Kemper's old home, that morning, and a general good time was reported. The guests departed on the evening train for Dayton.

The "fan drill," by a corps of sixteen drilled and uniformed young ladies will be found a sensational feature of the closing entertainment in the G. A. R. series, at Black's Opera House next Friday evening. The members of the corps have the "tactics's" to perfection and may be able to give society belles some pointers.

The Jefferson Club will meet in their espe cial dovecote to-night to coo among themselves about the chances of making a masterly advance on Washington toward the fourth of March. They will consult the weather maps, and if there are prognostications of good walking, will take the National pike in a body to-morrow morning, right resting on the postoffice, displaying eastwardly.

The Washington correspondent of the Ohio State Journal says: "Miss Alice Hill, daughter of Representative W. D. Hill, of Ohio, and who assists her mother at her receptions, is a recent graduate of the High school at Defiance, O." We think Miss Alice is a native of this city, where her father and mother lived for several years. Mr. Hill was editor of the local Democratic paper and at one time mayor of the city.

The Trustees of the Clark County Children's Home will 'meet to-morrow to elect a superintendent and matron for the institution, vice Mr. and Mrs. Philip Trout, recently resigned, it becoming necessary for them to remove to Clinton county and take charge of the estate of Mrs. Trout's father, who died some time since. The trustees and friends of the Home regret to lose Mr. and Mrs. Trout, who have given satisfaction in the difficult position held by them and have conducted affairs systematically and kindly. The trustees already have a long list of names of applicants from which to select successors of the retiring superintendent and matron.

Word has been received here of the death of Mrs. Neilie Nichols Rumsey, wife of Mr. Walter B. Rumsey, of Westfield, New York. The deceased was the younger sister of Mr. Brayton L. Nichols, recently connected with the GLOSE-REPUBLIC, and cousin of Mr. C. M Nichols, new of this paper. She came here, last fall, in very poor health, with her mother, Mrs. D A. A. Nichols, of Dunkirk. New York, and, after a brief sojourn, went with her mother, husband and brother to Florida in the hope that a change of climate would restore her. While in Florida, however, she had an attack of pneumonia and then of rheumatism, and failed rapidly until she died. Mrs. Rumsey was a very attractive and excellent young woman, and, as she once resided in and had occasionally visited Springfield, has quite a large number of warm friends here, who will mourn her loss. She was a faithful, devoted member of the Presbyterian church. She leaves two little

daughters, as well as a husband, at Westfield. We see by a notice in the Dunkirk (N. Y.) Observer that Mrs. Rumsey was in ber 20th year when she died.

Mr. L. D. Levy, of Keckuk, Iowa, who has been visiting his brother, Mr. M. D. Levy, left for home this morning.

The property on North Market street which was injured by fire Sunday morning, belonged to William Burns and Geo. Spence, Esq., and not alone to Mr. Spence, as re-

The Springfield Seed Company, Lave filed an answer and cross petition in the case of Thomas Dugan against the Springfield Base Ball Company, to which they were made parties, defendant setting up an unpaid claim of \$19.20 for goods furnished the base ball company.

The patrol wagon made a run in the rain last night to the ruinous pile known as the old tannery, beyond East street shops, on intormation that a gang of tramps had taken possession and were holding high carnival in it. Everything was quiet when the wagon got there, however, and not so much as a mouse found in the building. Wm. Kahal was taken from his house for abusing his family, and two abandoned colored women from a low dive on Patton street.

Mrs. D. L. Freeman, aged 66 years, died at the county infirmary hospital and was buried Saturday. Deceased came to this county forty-four years ago and belonged to a family prominent and well-to-do. A series of mistortunes, chief of which was a paralytic stroke resulting in loss of mind, overtook her, however, and for several years the lady has been cared for at the infirmary. The family is remembered by most citizens of thirty to forty years standing.

The J. D. Stewart Co.'s grocery delivery wagon was run away with just at noon today, starting from in front of Carson & Fox's cupied by Adam Schmell, a shoemaker. The on Limestone street. Some well-intentioned but unwise party tried to stop the horse by waving his hat, but only succeeded in scaring the animal into a sharp run. The only damage was a bent axle. It is a safe rule when you see a horse running away to shake hats. handkerchiefs, papers, etc., under his nose punch him with your umbrella as he passes set the dog on him, or something of that sort. It operates like chloroforming the horse on

Eleven comrades of Mitchell Post, No. 45 G A. R., attended the installation of newlyelected officers of Powell Post, Tremont City Saturday night last, and report a rousing re ception and camp-fire, the large hall being crowded with the old soldiers, their families and friends. Past Post Commander Wm. H Grant acted as installing officer. After the eremony proper a big supper, such as the wealthy farmers up there love to set out, was aten, there being seats at the long tables for everybody. Then came songs, recitations by volunteers among the young ladies and gentlemen of Tremont City, talks by the comades of the two Posts represented, and so on. The Springfield delegation arrived at bome at midnight.

Wiley M. E. chapel, North street A. M. E. church and the Second Bantist church were visited and congregations addressed vesterday by an aged colored brother named Clark. from Lancaster, Kentucky, the original of Harriet Beecher Stowe's famous character, in "Uncle Tom's Cabin," of George Harris, busband of Eliza. He has made arrangements to return here in two weeks and lecture at the Baptist church on South Factory street and at Wiley chapel. He claims to have furnished Mrs. Stowe, in his younger which is a new one and probably stolen, lying days, with much of the information upon which that lady's most famous work is based. During his stay Mr. Clark was the guest of James Buford, who came from the same part

Salt for Damages.

J. K. Mower, Esq. Jas attorney for Chris. Ackerman, filed a petition in Common Pleas Court last night for damages, the defendant in the case being Fred Kramer. The amount asked is \$1,000. The petition sets forth that the defendant had injured the plaintiff severely and also set a vicious dog upon him : and that the animal bit him in the leg, inflicting very serious wounds, and confining the plaintiff to his bed for seventy days. The petitioner claims that the injuries are lasting and that he has been damaged thereby in the amount asked.

A Dangerous Fire.

At precisely three o'clock this morning an alarm of fire was turned in from box 15, Main and Limestone streets, calling the department to a one story frame house on North Market street, directly opposite the rear end of Black's Opera House. The department, and especially the extinguisher at the Central, was very slow in getting out. A fierce blaze was issuing from the frame house, one side of which is occupied as a barber shop, kept by a corored man named Van Camp, and the other by George Fish as a harness shop. When the department reached the scene it was only the work of a moment to extin-

guish the flames. Gregory's stable is on the south side of the building, and this also caught. The horses and vehicles were all taken out. Mrs. Krumholtz, who lives next door north, gave the alarm. The building belongs to George Spence. It is not known how the fire originsted and the late hour prevents investigation. The damage to the building will be about \$100. The damage to Van Camp and Fish is not known. The building is insured.

Rev. A. L. Reynolds preached at Pleasant street M. E. church last evening. The discourse was on the theme of man's contradictory being, "When I would do good, evil is present with me." The divine law was a revelation of man's sinfulness, and condemned him, but offered no remedy. It presented a standard of virtue, and declared that no man had measured up to it. Like the criminal before our common court, conscious of guilt, there is nothing in the law for him but condemnation.

"That which I hate that I do." Experience and observation prove that men do continually that which they abhor, and for which they destest themselves. Conscious of right and a desire to do it, they do the wrong and violate the dictates of a moral instinct that condemns them. We find then a principle within the human breast that acknowledges the right, but does it not, doing evil rather and suffering condemnation-hence what is needed is God's grace to give will-power todo the right. This grace is freely offered, and it is sufficient for every man, and can reach to the very lowest of fallen creatures. Rev. J. B. Walker, pastor of M. P. church, will hold special services each evening dur-

ing the present week, to which all are cor-

In an account of the arrest of James M. Kills in yesterday's edition of the GLOBS-REPUBLIC, the statement is made that he had during the day drawn a pistol on his mother. This is pronounced incorrect by both his father and mother, who state that whatever faults he may have, unfilial conduct is not one of them. The fact is that, except when under the influence of liquor, James M Kills is as quiet and gentlemanly a person as can be found in the community.

Burned to the Ground. Early last spring the frame building on the northwest corner of Main and Shaffer streets was burned to the ground, and several little one-story buildings adjoining it on the west were damaged. At half-past twelve o'clock this morning these latter buildings were burned to the ground. A gentleman driving into town from the west discovered the flames and not knowing the location of any of the boxes, drove rapidly to the Western engine-house and gave the alarm. Box 6, at the engine-house, was struck, and the department responded quickly. By the time the engines arrived on the spot, however, the buildings were too far gone, and attention was given to adjoining property, the Schindler building on the east and the Salsiger residence on the west. The latter caught fire, but it was soon extinguished. Both the windows in the west wall of the Schindler building were burned.

The burned property consisted of three buildings, all of which adjoined each other. The east building was owned by J. W. Sells and occupied by Bishop Henderson as barber shop. The middle building was owned by Milton Shettel, but was unoccupied, a blind man named McClellan baving just moved out. The west building was owned and ocloss on all three buildings will not amount to over \$150. Shettel's place was insured. Henderson's barber chair, mirrors and in fact all the furniture, was destroyed It is not known how the fire started. It originated in the barber shop. It is thought by some that it was incendiary, as there had been no fire in any of the rooms since Saturday night. Chief Simpson thinks that it caught from the stove in the barber shop, the floer around it being burned more than in any other part.

THREE TIMES AND A GO.

County Parmers' Institute to be Held After All, in this City, in March-The

About the only business of any interest ransacted by the Clark County Board of Agriculture at the monthly session Saturday afternoon, was in connection with the holding of a County Institute, which it was unanimously agreed to do, the time to be about the middle of March, and place, this city. On two former occasions action has been taken by the Board against such an enterprise, on the ground that the Agricultural Society is somewhat in debt and there might be difficulty in defraying necessary expenses. Within a week or two there has been quite general expression among farmers themselves in favor of an Institute so that, at Saturday's meeting, with every township but one represented, when Chas. Stewart moved that "we hold a Farmers' Institute under the auspices of the Board of Agriculture, with the expectation of meeting expenses by public contribubution," the resolution was adopted unanmously, as above stated. Remarks strongly favoring the movement were made by Hon. John Howell, C. R. Thorne, editor Farm and Fireside, Capt. Perry Stewart, President Hazzard, Chas. Stewart and others. On furthe Board, Dr. J. S. R. Hassard, was authorized to engage speakers, secure a place of Mo., used it with great success in the case of meeting for a three days Institute and ar- a patient who was thought to be beyond range a programme. Dr. Hazzard will be in attendance at Columbus this week on the State Agricultural Convention, and will have opportunity then to make good selections of speakers. One feature of the programme is likely to be a paper on silk culture, by a lady who has engaged therein extensively and practically. The full programme will be given in this paper in about two weeks, probably. Look for it and attend the Insti-

The other day was printed the calculation of the London Echo in regard to the number of grains of corn that would be on a chessboard if one grain were placed on the first square, grains on the second, four on the third, and so on. The Echo said that the corn on the squares would fill 1,884,875 barns each holding 1,000,000 bushels, allowing 100,000 grains to each bush-el. A clever Brooklyn correspondent who has figured it out says that the English paper is away off, and gives the following as the true figures: There would be 184,467,440,737,095

I saw at once that his medicine would not reach my disease. Just as I was about to conclude that I would have to die, my daughter brought me one of your pamph-lets. I noticed a case whose symptoms were like mine, and PERUMA and MANA-LIN had cured him. I concluded at once to try it. I procured one bottle of PERU-MA and one of MANALIN, and took them as directed, and before I had used the two bottles I began to receive strength and gain in flesh.
